- Maharashtra State Board

## PROJECTS

### Student Portal (11/2020 - 02/2021)

- This was my BSc final year project which was developed by me and my friend.
- The project was mainly focused on solving the problem which most students face in their college regarding books. With this portal, students can buy or sell their old books easily.
- technology used : Php, Html, Css, Javascript, Xaamp Vscode.

### Flash Chat App (04/2022 - 04/2022)

- developed a chat app with flutter and dart and backend as a firebase
- Implemented user authentication using firebaseAuth

### Weather App (04/2022 - 04/2022)

- Developed a weather app using flutter & dart
- Used api to get the live weather from data from the openweatherapi.com
